

WARM AND READY TO ENJOY THE SNOW?

TAHOE HAS A LITTER PROBLEM

Plastic hangers and fasteners that come with many winter garments are a major source of litter during the winter. They are nearly impossible to clean up and break down into smaller microplastics that can stay in the environment forever.

WE ARE HAPPY TO BE PART OF THE EFFORT TO KEEP TAHOE BLUE BY REMOVING YOUR TAGS AND DISPOSING OF THEM PROPERLY.

ASK US TO CUT YOUR TAG!
